

## 2009 Synchronist Award Nominations

### **Nominate Your Partners** or Your Program for Synchronist Recognition

There is no better recognition than National recognition for your program. The 2009 Synchronist Users' Awards are up for grabs. Snag one to demonstrate the quality of your R&E program or nominate a partner or peer to acknowledge their work.

There are no formal categories or stringent rules, just a few general guidelines. Now that the Synchronist Community includes over 550 development organizations in the US and Canada, we are frequently asked for best practice solutions/examples from Synchronist Users. Your best practices can save others valuable time and/or money.

Nominate your program NOW!

Submit two or three paragraphs, one-page preferred, explaining:

- What you did or the problem that was solved?
- The outcome?
- Why the program/solution is a model for others to follow?
- Procedures: a unique or clever solution to an operational problem.
- Partnership: formation of partnerships to increase collaboration.

Keep it simple.

Keep it brief.

But, feel free to include a sample, press account, or attachment if it helps.

**\*All nominations are due on Wednesday, September 30<sup>th</sup> by 5 pm.**

Send your nominations to:

Kevin Stuart
